SUMMARY

Grants up to \$5,000 (ex GST) are available.

There is a limit of one application per shed.

It is not essential that you contribute funds to your grant, but it's great if you can match this grant with other available funds and community involvement.

Membership with Men's Sheds of WA is not required to apply for a grant, but it is considered favourably.

You are welcome to apply regardless of whether you were successful or unsuccessful in a previous grant round. Sheds who have outstanding acquittal requirements will be flagged in the decision making.

DEDICATED PROJECT OFFICER SUPPORT

A dedicated Project Officer is available to help you develop your ideas, projects and initiatives that address your shed's needs in relation to the people that you support, your local environment and your wider community.

The Project Officer can also answer questions about the application process and provide advice, support and assistance to complete an application form if needed.

Once your project is up and running, the Project Officer will work with you to acquit your grant and share your story, what you achieved, how you did it, and your community outcomes across our network.
